## Making the Civil Service a Great Place to Work for Veterans

In February 2020, the Government announced the introduction of a new initiative to make the Civil Service **'A Great Place to Work for Veterans'**. Many veterans already work in the Civil Service and contribute a huge amount to the organisation, and this initiative aims to encourage more veterans to take this step. These new measures are focused on roles at all grades, functions and professions across the Civil Service.

As a result veterans who meet the minimum criteria for a role will progress to the next stage of selection. In most cases this will be an interview, but depending on the vacancy it may be another method of selection such as an online test or an assessment centre.
